# TRACK TRAINING OPPORTUNITY

## 4-H Kids Can Run Club

### ABOUT THE CLUB:

Each session the kids are split into groups, which allows them to cycle through all the field, jumping, running, and (some) throwing events. They also do a good bit of relays. LSU Track athletes help manage each of the groups. The session ends with a mock meet.

It's a project club that only meets six times during the program year, so not a huge investment of time on the parent and the youth, but it does give kids the opportunity to learn something about a lot of different track and field events that they don't often get a chance to learn about. The Club runs from October-April.
