

Second Grade Summer Reading Requirement 2026

Dear Parents,

Summer reading can help your child bridge the end of first grade to the beginning of second grade. In an effort to maintain your child's reading skills and to help avoid any "summer slide," incoming second graders are now required to complete the following:

- Read any **5** not previously read books independently. (Parents can assist, but not read the book to the child.)
- Choose one of those five books and complete the attached reading comprehension activity.
- **Bring the completed activity sheet on the first day of school.**

Thank you for your support! We look forward to meeting your child in August!
